LUXURY GLAMPING RESORT

CHOCOHOLICS'

HEAVEN

Welcome

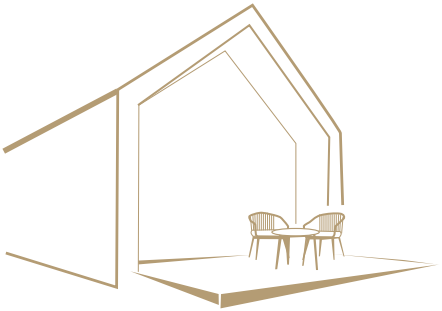
TO THE PARADISE FOR TRUE CHOCOHOLICS!

Forget about dieting, you will very much enjoy sinning.

You are about to embark on an experience you will remember for the rest of your life. Chocolate Village by the river is a luxurious glamping resort located by a river in the picturesque environment of a natural park, where everything revolves around chocolate: chocolate breakfast, chocolate workshops, chocolate cosmetics and chocolate massages – and this is only the start of the chocolate surprises.

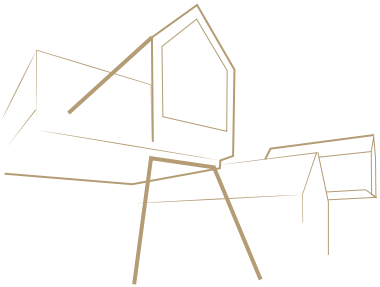
Meet the lodges

Do you like to hide in the treetops, or do you prefer rolling hills by the river?
Do you prefer Forastero, Criollo or Trinitario?
Did you know that there are only three types of cocoa?



FORASTERO is the most popular type of cocoa.

Forastero lodges are spacious, have 2+2 beds over two floors with large panoramic windows. They are equipped with a kitchen, living room, bathroom, terrace, heating and cooling.



CRIOLLO is the rarest and most sensitive as well as the most prestigious type of cocoa.

Criollo lodges are located in the treetops, and have unique beds and spectacular panoramic views. They are equipped with a kitchenette, a living/sleeping area, a bathroom, heating and cooling, and a gorgeous terrace.

TRINITARIO is a hybrid type of cocoa with the best of both worlds. Trinitario lodges are placed directly by the pool and have the most spectacular view of the river. Like Forastero lodges, Trinitario lodges are spacious, have 2+2 beds over two floors with large panoramic windows. They are equipped with a kitchen, living room, bathroom, terrace, heating and cooling. They also include a private hot tub and a fireplace.
